OBJECTIVES

I am a motivated and passionate fresher with basic knowledge in Frontend Development using React, HTML, CSS, and JavaScript. I have completed a six-month Inplant Training in PERN Stack Development. Currently, I am also learning Software Testing with a focus on manual testing practices. I have hands-on experience in writing test cases, executing test scenarios, reporting bugs, and performing basic API testing using Postman. I am eager to apply both my development and testing knowledge to real-time projects and grow in a collaborative software environment.
